RELEASE OF TIN IS PROMISED

Navy Department Will Not Handicap Canning Industries But Make Equitable Division.

WASHINGTON, Nov. 30.—Release of a great amount of commandeered tin in New York warehouses was promised today by the navy department on representations of the department of commerce that private industries would be handicapped seriously by lack of the metal, particularly food canning factories.

The American Steel and Iron Institute, designated by the war trade board as consignee of all imported tin will endeavor to obtain another supply for the navy's needs and in future the navy will look to an institute subcommittee for tin needed in naval construction. It was said this agreement would put the tin supply of the entire country under centralized control thereby assuring allotments to government departments and private individuals on an equitable basis.

Further easing in the visible supply of the metal is expected to result soon from cable negotiations now being carried on by the department of commerce with London seeking the release of approximately 3,500 tons of tin purchased by American firms, but which had been held up by the British committee regulating the exports of the metal.

JUDGE SENTENCES DRAFT RESISTERS

MUSKOGEE, Okla., Nov. 30.—Federal Judge Frank E. Campbell this morning began passing sentence on ninety-five draft resisters and other violators of the selective service law who pleaded guilty in United States court at Ardmore recently. Out of the first fifteen men to face the court some received sentences as light as ninety days in the Vinitia jail while others were ordered to the federal prison at Leavenworth for two years.

ITCHY PIMPLES ON FACE, NECK

And Shoulders. Formed In Blotches. Burned So Scratched. Cuticura Healed. Cost \$1.00.

"I had to work with grease and oils which were the cause of trouble with my skin. Small, red pimples began to accumulate on my neck, shoulders, and face, which bothered me very much. They used to form blotches which became festered and itched and burned so that I scratched them, and many a night I lay awake because of the eruption."

"I was bothered for several months until I heard of Cuticura Soap and Ointment. By the time I had used one box of Cuticura Ointment and two cakes of Cuticura Soap I was healed." (Signed) Raymond Moyer, 1514 Porter St., Portland, Ore., March 24, 1917.

Keep your skin clear by daily use of Cuticura Soap and Ointment for every-day toilet purposes. Nothing better.

SUPREME WAR COUNCIL TO OPEN

Colonel House, General Bliss to Join in Conference Discussion of War Problems.

PARIS, Nov. 30.—The delegates to the inter-allied conference were engaged today at the various committee meetings, there being no general session. The general impression is that the work of the conference will be transacted by these committees, the proceedings of which are entirely secret.

The American members are expected to exercise great influence in bringing about closer unity. The committee meetings probably will be continued for three days more. It was announced officially that the supreme war council will begin its sittings at Versailles at 10 o'clock tomorrow morning. It will be attended by Premier Lloyd George and General Wilson for Great Britain, Premier Clemenceau and General Foch for France, Premier Orlando and General Cadorna for Italy, and Colonel House and General Bliss for the United States.

ARE YOU TALKING TREASON TALK OR AMERICAN TALK?

Treason Talk—Why are we in this war?

American Talk—We are in this war because Germany gave us too many knobs. We were not quick to fight. We said "please don't" many times, but Germany would not stop. We are in this war because we are not cowards.

Treason Talk—If we keep quiet Germany will not hurt us.

American Talk—Germany has already hurt us. She has sunk our ships, killed our women and children, and told us to keep off the sea. We are rich in coal, iron, steel, sugar, wheat, cotton, oil, copper and many things that Germany wants. If we keep quiet she will come and take them. She will take our money, too, to pay for her war.

Treason Talk—But the Government takes our money now in taxes.

American Talk—It is better to give a little now to our own Government than to have Germany take it all.

Treason Talk—I have a good job and I get good pay. I do not want to give any of it to the Government.

American Talk—If Germany gets this country you will have no job and no pay. You would have to work like a dog and if you did not work you would get a whip on your back. That is the way the Germans treat prisoners of war.

Treason Talk—I want to save my money for my wife and children. A good man thinks first of his family.

American Talk—I know how the

Germans treated the women and children of Belgium. To save my family from such a fate I would give my life. Treason Talk—This is not our war. This is England's war. American Talk—This is America's war, and England's war, and France's war, and Italy's war, and the war of every honest nation that is now fighting to save the world from the lust of Germany.

Treason Talk—This is a rich man's war.

American Talk—The Army and the Navy are full of rich men's sons. The rich have poured out their money for the Liberty bonds, for the Red Cross, for the Y. M. C. A. and other war aids. They have cut prices but not wages. This is a rich man's war and a poor man's war. We are all in it. The rich and the poor, the old and the young, men, women and children.

Treason Talk—It is not fair that the poor should pay more taxes than the rich.

American Talk—They don't. To say they do is a made-in-Germany lie. The
